

LifeTec Medical Awarded NHS Supply Chain Contract for their range of CasMed NIBP Cuffs and MedTex NIBP Cuff Barriers

LifeTec Medical announced today that it has been successful in gaining inclusion into the NHS Supply Chain contract for NIBP Cuff products for an initial period of two years.

Products included in the contract award, and that can now be purchased at preferred prices, are as follows:

- **TuffCuff™** brand re-usable NIBP Cuffs, featuring:

- Antimicrobial coating
- Sealed fully washable surface
- 200 denier fabric durability
- Colour coded sizing
- All common fittings available

- **SoftCheck™** brand disposable Neonatal NIBP Cuffs, featuring:

- Soft washable vinyl material
- Single or dual tube options with slip luer fittings
- Colour coded sizing (sizes 1-5 available)

NIBP Cuff Barriers

- The low cost alternative to disposable / single patient use NIBP Cuffs
- Protects patients from the risk of cross infection

LifeTec Medical's Managing Director, Stuart Hildage, said; *"We are delighted to have been selected for inclusion into this contract, and believe it is a demonstration of our commitment to offering products that bring innovation, quality and exceptional value to our customers"*.
