

## PRESS RELEASE

Dated: 27<sup>th</sup> November 2009

### **LifeTec Medical Limited takes over distribution of Nihon Kohden ECG Recorder & Patient Monitoring Products for England & Wales**

LifeTec Medical Limited (LifeTec) announced today that it has taken over full distribution rights for Nihon Kohden Diagnostic ECG Machines and Patient Monitoring products within England & Wales, with immediate effect.

LifeTec is now responsible for all product sales, customer & technical service for the world renowned Nihon Kohden brand, taking over from Artemis Medical. Medilink Services will continue to be responsible for the Nihon Kohden ECG Recorder & Patient Monitoring products within Scotland and Ireland, via their respective operations in Kilmarnock, Belfast & Dublin.

Stuart Hildage, Managing Director of LifeTec said; "We are very proud to have added the distribution of these Nihon Kohden products to our portfolio, and look forward to working with existing customers to support their on-going needs, as well as developing the market for Nihon Kohden over the coming months."

"Nihon Kohden products have gained an unrivalled reputation for reliability and innovation over the last decade, and we are committed to supporting these devices with the kind of first class service our customers have come to expect. We will focus on ensuring the existing customer base is properly supported, as part of our broader strategy of growing the business over the longer term".

**All requirements for new equipment, accessories, parts and customer service, should now be directed to LifeTec, via:**
