

FMT™ Brand Compatible Patient Monitoring Accessories Achieve No. 1 Ranking in Two Separate UK Contracts: NWCCA & NHS Scotland

LifeTec Medical Limited announced today that its FMT™ branded patient monitoring accessories achieved No. 1. rank status in two landmark UK contracts:

1. North West Collaborative Commercial Agency (NWCCA)

Contract #: NWCCAFX67612JBe

LifeTec achieved No. 1. Supplier Rank status in the NWCCA framework agreement contract for their FMT™ brand of compatible SpO₂ Sensors & Extension Cables. The contract is open to all participating NHS Trusts in the North West of England, and the majority of NHS Ambulance Services in England.

LifeTec also succeeded in having their FMT™ branded ECG Monitoring and Diagnostic 10 lead ECG Cables & Lead Wires included in the framework agreement, which is set to run for an initial period of 24 months, with the option to extend for a further 12 months

2. NHS Scotland / Common Services Agency

Contract #: NP102/09

LifeTec's distribution partner in Scotland, (Medilink Services (UK) Ltd) were awarded inclusion into the Common Services Agency Contract for the supply of pulse oximetry consumables to all NHS Scotland Health Boards, Special Health Boards and the Authority.

The FMT™ brand of compatible SpO₂ Sensors & Extension Cables, achieved No. 1. Supplier Rank status in thirteen (13) of the sixteen (16) Pulse Oximetry technologies tendered (including Nellcor, Philips, GE etc.), based on technical / clinical specifications, service & price.

Stuart Hildage, Managing Director of LifeTec said; *"In view of the extremely thorough processes employed by both of these landmark contracts, we strongly believe that customers should have total confidence that our FMT™ banded monitoring accessories will provide optimum clinical performance and reliability, whilst enabling participating NHS organisations to achieve considerable cost savings over the life of the contract"*.

"Customers will also benefit from our unique web based product tracking system, ultimately saving the NHS additional funds by ensuring warranty claims happen. Our warranties commence when products are issued into clinical use, and NOT when they are shipped to the customer".
